

# Studies and Evaluations

This section lists the various studies, evaluations, and assessments of agencies or agency programs or projects that have been conducted in the most recent two fiscal years (2002 and 2003). Studies are grouped by secretarial area and agency to which they relate. The “Source of Document” column references the agency from which the document can be obtained. At the end of this section, “How to Ob-

tain Copies of these Documents” gives more information about how to contact the agency for a copy.

These evaluation studies are in addition to the planning and performance data collected annually from agencies by the Department of Planning and Budget. This information is available on DPB’s *Virginia Results* web site, which can be reached at [www.dpb.state.va.us/varesults/index.htm](http://www.dpb.state.va.us/varesults/index.htm).

	Date of Report	Source of Document
