Section 1 - Overview

This section summarizes the overall requirements for budget submissions for the Governor's Executive Budget for the 2008–2010 biennium.

These instructions describe how to develop decision packages for your agency's budget requests. They apply to all state agencies and institutions of higher education.

Decision packages must be submitted to DPB by October 31, 2007. Your agency's total final budget request for the 2008-2010 biennium is the sum of your base budget submission, base adjustments, technical adjustments, and any decision packages that you submit.

At this point, DPB anticipates the budget situation to be challenging for the next biennium due to sluggish revenue growth. Therefore, available funding for new initiatives or program expansion will be limited. When developing their decision packages, agencies must explain results in terms of performance. It is expected that decision makers will focus on ties between agency budget requests and performance, particularly with respect to any impacts on key measures, or for institutions of higher education, institutional performance standards. Please note: Your DPB analyst will be providing you a turn-around document that will contain the continuation of your 2008 reductions into the 2008-10 biennium. You will spread the total amount of these reductions in WebBEARS as addenda 600 to the appropriate programs, service area and subobjects/major objects. A form NJ will NOT be required for addenda 600. If you do not believe the cut is on-going, you may submit a decision package to restore these funds and identify where savings of the same magnitude will be achieved. DPB may contact you at a later date with additional reductions to be reflected in WebBEARS.

Key dates calendar

Below is a calendar of key budget development dates for the 2008-2010 biennium:

Submission	Date Due to DPB
Strategic Plan and Service Area Plans	September 28, 2007
Base Budget	October 15, 2007
Technical Adjustments	October 15, 2007
Decision Packages	October 31, 2007
Legislative Reporting Forms	November 1, 2007

The Governor will submit his 2008-2010 biennial budget to the General Assembly on December 17, 2007.

Terms used in these instructions

- **FY 2008** means the fiscal year beginning July 1, 2007, and ending June 30, 2008.
- **FY 2009** means the fiscal year beginning July 1, 2008, and ending June 30, 2009.
- **FY 2010** means the fiscal year beginning July 1, 2009, and ending June 30, 2010.
- **2006-2008 biennium** refers to the two-year period including FY 2007 and FY 2008, which begins July 1, 2006, and ends June 30, 2008.
- **2008-2010 biennium** refers to the two-year period including FY 2009 and FY 2010, which begins July 1, 2008, and ends June 30, 2010.
- **2010-2012** biennium refers to the two-year period including FY 2011 and FY 2012, which begins July 1, 2010, and ends June 30, 2012.
- **2007 Appropriation Act** refers to Chapter 847, 2007 Acts of Assembly.
- **Legislative Appropriation** refers to the dollar amounts and positions contained in the 2007 Appropriation Act.

Highlights of 2008-2010 submissions

The process of developing decision packages for the Governor's 2008-2010 budget will be similar in many ways to previous years. Decision packages are budget submissions proposing any changes to your agency's base budget not included in your base adjustments or technical submissions. Decision packages are due to DPB by October 31, 2007. The submission includes two major components: a narrative justification and a data submission.

Here are the key highlights of the budget process for 2008:

- Narrative justifications. For each individual decision package your agency submits, you must prepare a narrative justification on Form NJ. (This form can be downloaded from the DPB website, and must be submitted in electronic format.) See Section 3 of these instructions for details about preparing the narrative justification. If your request includes personal services/positions, also complete Form NP.
- **Data submission**. The data submission is an electronic submission through WebBEARS that allocates the resources for each proposed decision package among the affected programs/service areas and objects/subobjects for each year of the 2008-2010 biennium. See Section 4 for details on preparing the data submission.
- Out-year costs. Section 2.2-1503.1 of the Code of Virginia mandates that the Governor provide six-year spending estimates. As a result, you will be asked to provide a six-year estimate of costs for all decision packages. Form OYF is to be used to record any items for which you anticipate costs in the 2010-2012 and 2012-2014 biennia for which you are not submitting a decision package. For example, a new building coming on-line in November 2012 may require additional funding to cover operating costs. This supplemental funding would not have been requested in any of your 2008-2010 decision packages. See Section 5 for details.
- Information Technology (IT) submissions. Agencies may submit an IT amendment package for a major IT project only if the proposed project was identified in the Agency IT Strategic Plan for 2008-2010 and included in the September 1 report to the Governor and General Assembly

entitled, "Recommended Technology Investment Projects (RTIP) for the 2008-2010 Budget Biennium, September 1, 2007 Submission" or the 2007 RTIP Update which will be submitted to the Governor and General Assembly on November 1, 2007. An agency may submit an amendment package for any non-major IT project only if it was also identified as a project in the Agency IT Strategic Plan for 2008-2010. Inclusion of an agency project in the September 1 RTIP report or the 2007 RTIP Update is not assurance that it will be funded. For those projects requiring funding, agencies must submit a budget request for the project to be considered for inclusion in the Governor's 2008 Executive Budget. See Section 6 for details. Agencies should NOT submit a decision package (Form NJ) for VITA rate increases covered by the decentralized rates that were introduced in late FY 2007 – these will be covered centrally.

- Submission of rate adjustments. If your agency has an internal service fund and proposes an adjustment in the rates it charges other state agencies for specific services covered by that fund-such as telecommunications, office space rentals, or insurance coverage, you must supply DPB with the information outlined in "Rate adjustments by central service agencies" in Section 7 of these instructions. In addition to any supplemental information that you wish to provide such as spreadsheets, this submission must be made on a Rate Adjustment Narrative Justification (Form RANJ), which is described in detail in Appendix D of these instructions. In addition to completing the Form RANJ, the central agency must provide a spreadsheet showing the 2008-2010 impact by fiscal year over existing rates for each affected state agency.
- **Number of submissions.** Your agency will be required to make an electronic submission to DPB for all proposed decision packages. No hard copies are needed.
- Sum Sufficient Appropriations. For internal Service Fund Requests for sum sufficient and/or internal service fund requests, please array your amendments as described previously by program, service area, and appropriate expenditure codes and then use subobject 4101 (Sum Sufficient Recovery) to offset the total amount being requested at the service area level. In addition, do not enter any dollar amounts for the 0600 fund in the "fund" screen. You should enter position totals and fund totals for positions supported by the sum sufficient appropriation.

If your agency has no proposals

If your agency has no decision package requests for the 2008-2010 biennium beyond the base budget adjustments and technical adjustments you submitted in mid-October, no further submission is necessary. Please let your DPB budget analyst know that your agency will not be submitting any decision packages. Note, however, that even if your agency has no decision packages for the 2008-2010 biennium, it will still be necessary to submit a form for Out-Year Estimates (Form OYF) or a form for Rate Adjustments (Form RANJ) and Legislative Reporting Forms (Form FF, Form FS, and Form OM).

Service Area and Expenditure Structure

You will need to refer to the new Service Area and Expenditure Structure in making your budget submissions. These documents, revised in July 2007, are now available on DPB's web site and can be downloaded at: http://dpb.virginia.gov/forms/forms.cfm.

Section 2 - Decision Packages

General information

This section provides general information about the decision package submission due to DPB on *October 31, 2007*. Your agency's decision package budget submission includes two major elements:

- 1. **Narrative justifications** (one for each proposed decision package). *See Section 3 for specific details about the narrative justification.*
- 2. **WebBEARS data submission.** See Section 4 for more on preparing the data submission.

What is a decision package?

A "decision package" is a proposal to modify your agency's 2008-2010 base budget or to modify language in the 2007 Appropriation Act.

Each decision package should cost out and justify one budget action. The action proposed in each decision package should be a discrete unit that can be evaluated on its own merit, independently of any other proposals. Under certain circumstances, several strategies or actions may be tightly related and cannot be viewed independently. If so, they may be grouped together in one decision package.

Your agency should submit a decision package for:

- Any action that your agency proposes to take in the 2008-2010 biennium that reflects a net savings of dollars or positions, or that reflects a net cost in dollars or increase in positions.
- Any action that your agency proposes that has a significant policy or budgetary impact.
- Any action that impacts achievement of performance targets relating to key objectives/key measures.
- Proposed changes to language in the 2007 Appropriation Act.
- Any budgetary impact associated with legislative proposals.

Crosscutting issues for higher education

For institutions of higher education, crosscutting issues (base adequacy funding, faculty salaries, enrollment growth, higher education equipment trust fund, and student financial assistance) will be addressed centrally. If your institution has any unique situations related to these issues, you may submit a separate decision package to address your concerns. All other issues for institutions of higher education should be submitted as separate decision packages including requests to support operation and maintenance of new facilities.

2008-2010 decision package categories

You must identify each decision package by a short descriptive title <u>beginning with an action verb</u> (no more than 100 characters long) and a unique package number. Assign the numbers according to the categories below. Here are some guidelines about assigning number categories:

• Use the number series assigned to the category that most closely defines the proposed strategy. Use only one category for each decision package.

- If your agency has more than one decision package within a category, assign the numbers for each decision package sequentially. Start with 300 (or 400, or 500, etc, according to the category) and continue sequentially with 301, 302, etc. within each category.
- For each proposal, be sure to use the same number on the Narrative Justification (Form NJ) and in the WebBEARS data submission (where it is called the "addenda" number).
- Consult your DPB budget analyst if you have questions about which category to use.

OPERATING ADDENDA:

Number Series	Category Definition
001-099	Reserved. DO NOT USE (These may be used at a later date if necessary)
100-199	Required Base Adjustments. This category is for the base adjustments
	communicated to the agencies by DPB.
200-299	Technical adjustments. This category is for technical or housekeeping
	adjustments that do not have an overall net budget impact or do not involve policy
	decisions, such as to shift funds or positions between programs or service areas or
	to appropriate additional nongeneral fund revenue (such as a federal grant that is
	more than originally anticipated or will continue for an additional year).
300-349	Emergencies. The request is essential to prevent or eliminate an immediate threat
	to life, safety, health, or property.
350-399	Mandates. The request is necessary to meet the requirements of a state or federal
	law or a court order. (Note: The definition of "mandate" is restrictive.)
	Requirements of state or federal regulations are not considered mandates per se. If
	a regulation or legislation simply enables or authorizes an activity but does not require it, the activity is not considered a mandate. This category should be used
	only if there is absolutely no alternative but to fund the request. It is anticipated
	that very few, if any, requests will fall within this definition.
400-449	Unanticipated and unavoidable cost adjustments. This category is for increases
	or decreases in your agency's budget to reflect cost adjustments involving existing
	services or for adjustments to the rates charged by central service agencies for
	services used by other state agencies. (Note: This category is NOT for budget
	proposals involving a change in the scope of services or the way your agency
	delivers services or does business.)
450-499	Salary increases and regrades. Salary increases and regrades. This category is
	for salary increases due to position regrade/classification. (Note: This category is
	NOT for statewide salary increases or for new positions).
500-599	Caseload or workload adjustments. This category is for routine changes, either
	increases or decreases, in your agency's budget to reflect cost adjustments
	involving changes in workloads or client loads. (Note: This category is NOT for
	budget proposals involving a change in the scope of services or the way your
600	agency delivers services or does business.) Continuation of 2008 reductions. This agreemy is for the continuation of 2008.
UUU	Continuation of 2008 reductions. This category is for the continuation of 2008 reductions. All of the ongoing amounts for each agency from the Governor's 2008
	reductions. All of the origining amounts for each agency from the Governor's 2008 reduction plan will be combined into one amount for this addenda.
	reduction plan win be combined into one amount for tins addenda.

Number Series	Category Definition
601-649	Operational efficiencies and service reductions. This category is for cost savings
	or efficiency measures that your agency proposes to implement or for proposals
	that produce cost savings by reducing the services or scope of services delivered to
	your agency's customers. Examples include phasing out or eliminating certain
	administrative activities or positions, reducing or eliminating discretionary
	expenses (printing, travel, etc.), or decreasing or eliminating current services.
650-699	Reorganizations. This category is for proposals to transfer a program, service, or activity to another government entity (local, state, or federal), or to privatize. This
	category is for operational or organizational changes that will result in long-term
	cost-savings or benefits to the Commonwealth such as consolidating organizational
	units. This category also is for proposals that involve any agency reorganization
	that produces a need for additional agency resources (either funds or positions), or
	involves a policy issue. Examples include creating new organizational units or
	changing functional program units.
700-723	Information technology. This category is for proposals for information
	technology resources, including hardware, software (whether commercial packages
	or custom-developed), telecommunications equipment or services, and any related
724-724	consulting, training, or support/maintenance services.
124-124	VITA rate change requests. This category is for requests for funding required by
725-799	any change in VITA rates charged to agencies.
125-199	Other spending or initiatives. This category is for any other proposals for
800-824	additional resources that will require new or expanded services.
800-824	Position level changes only. This category is for technical changes (increases or decreases) to position levels that have no other impact on appropriated amounts.
825-899	Appropriation Act language only. This category is for proposals to add, delete,
5_5 5//	or modify language in the Appropriation Act. Proposals in this category should
	have no impact on the appropriation amounts.

CAPITAL PROJECTS:

Number Series	Category Definition
900-919	Capital cost overruns. This category is for requests from agencies that involve
	cost overruns on existing capital projects.
920-929	Capital equipment. This category is for requests from agencies for capital
	equipment for previously funded projects.
930-939	Emergency capital. This category is for capital requests that are the result of an emergent situation or will help to prevent or eliminate a threat to life, safety, health, or property.
940-949	Capital technical corrections. This category is for technical or housekeeping adjustments in capital projects.
950-959	Nongeneral fund only capital. This category is for requests from agencies for the use of private and/or other nongeneral fund sources for capital outlay purposes.

960-964	Public-Private Partnership capital. This category is for capital projects that are being considered under the provisions of the Public-Private Education Facilities
	and Infrastructure Act.
965-969	Capital leases. This category is for the authorization of new capital leases or the reauthorization of existing capital leases.
970-999	Other capital. This category is for all other capital requests to include requests for new projects and renovations that do not meet the criteria of the other categories.

Figuring personal services costs

Use the following rates to calculate fringe benefit costs for any positions affected by a decision package:

Fringe Benefit Table

Subobject	Factor	Required Base and Technical Adjustments Annual Cost Factors
1111	VRS Retirement Contributions	
	State Employees	11.15%
	Virginia Law Officers Retirement (VaLORS)	20.86%
	State Police (SPORS)	25.76%
	Judges (JRS)	43.01%
1112	Social Security	6.20% capped at \$97,500
1112	Medicare	1.45%
1114	Group Life	1.00%
1115	Annual Employer Health Insurance Premiums COVA Care (Statewide) and Kaiser	
	(Northern VA)	
	Single	\$4,740
	Employee Plus One	\$8,472
	Family	\$12,420
1116	Retiree Health Insurance Credit Premium	1.20%
1117	VSDP & Long-Term Disability Insurance	
	State employees	2.00%
	State Police	2.00%
	VaLORS	2.00%
1118	Teachers Insurance and Annuity	10.40%
1119	Defined Contribution Plan	10.40%
1138	Deferred Compensation Match Payments	One-half of an employee's contribution per pay period, up to a maximum of \$20 per pay period or \$480 annually.

Note: Percentage costs refer to percent of salaries. Health insurance premiums are the annual employer dollar cost for an individual.

• **Budgeting for new positions**. The "lag pay plan" passed by the 1997 General Assembly instituted new pay periods and shifted the June 30 pay period to the next fiscal year. For new positions hired at the beginning of the fiscal year, you should assume that the employee would start work on July 10, the first day of the first full pay period. With this start date, only 22 payrolls would be expensed. For all new positions requested, please indicate in the narrative

justification the anticipated hire date, career group, role, and pay band. Discuss why the indicated hiring salary was selected. Describe and justify any start date other than July 10.

• Other personal and nonpersonal services costs. If your proposal affects positions, make sure that you account for other personal services costs such as overtime payments, wage employment, and payment of leave balances. Also include any support costs such as office supplies, travel, or equipment needed to support the position(s).

Be sure to detail in the justification the nonpersonal services costs that are included in your request and the methodology for developing your cost estimates. Also note any one-time costs.

Language-only decision packages

Language-only decision packages are those that do not affect dollar amounts or positions, but propose a change in the language to the 2007 Appropriation Act, including changes to language in Part 3 (Miscellaneous) and Part 4 (General Provisions).

Language changes to Chapter 847 for 2008-2010 that are technical in nature, such as updating a Code citation or deleting a completed study requirement, can be handled by contacting your DPB analyst before October 31. For these technical changes, you will not need to make a formal submission.

If your agency proposes a change to the language in the 2007 Appropriation Act and the proposed change does NOT affect dollar amounts or positions, you should submit the "Decision Package Narrative Justification (Form NJ)" to explain the intent of your language decision package and why you are proposing it. Use the 825-899 series when assigning a decision package number to language-only proposals. At the end of the form, insert the affected page(s) of the 2007 Appropriation Act showing proposed deletions marked as a strike-through and additions underlined. Chapter 847 language can be downloaded from the Legislative Information System.

Section 3 - Narrative Justifications

Decision package narratives (Form NJ)

The Narrative Justification (Form NJ) is your main tool to explain and justify your budget request so that decision-makers can consider the merits of funding it. You must prepare a separate narrative justification for each decision package.

You must use the prescribed format for the Decision Package Narrative Justification (Form NJ). You can download the Decision Package Narrative Justification in a Word file from DPB's web site (go to www.dpb.virginia.gov, then click on the "Documents & Forms" link on the blue column at left, then type in "Decision Package" in the Search window). The narrative justification must be submitted to DPB electronically via e-mail.

Please note: A Form NJ is not required for any amendment in the 600 series. These are to carry-forward your 2008 budget reduction strategies.

Why is the Form NJ important?

Here are some guidelines for submitting this narrative:

- Quality is important. The quality of your submission is important. Remember: Decision-makers may have only your narrative justification as a basis for evaluating your agency's proposal. You will need to thoroughly explain what the proposal involves and why the proposal should be funded. Be as thorough and complete as you can. Do not feel constrained by the format for the "Decision Package Narrative Justification." Space is not limited. Feel free to provide all the narrative you think necessary to fully explain each decision package. Be sure to spell check your narrative before submitting.
- Alignment to Key Objectives/Measures is essential. Requests for funding should align with
 achievement/maintenance of key objectives/measures (Institutional Performance Standards for
 higher education). You should clearly articulate how this request impacts performance. If your
 request does not align to a key objective/measure you must thoroughly describe the unique
 circumstances justifying the need for this action.
- **Answer all questions in the required format**. You must respond to all the items in the required format. If an item is not applicable, simply put "N/A."
- Attach additional information if needed. Be sure to include with your submission any supplementary documents, background information, or other material you think will support your submission and explain your proposal. If these materials are not available in electronic format, send a hard copy to your DPB budget analyst.

See Appendix A of these instructions for the format of the Decision Package Narrative Justification and specific instructions on filling it out.

Sending the Narrative Justification to DPB

Submit the Narrative Justifications (Forms NJ) in electronic format by October 31, 2007. Submit one Form NJ for each decision package you are proposing, using the file-naming convention prescribed in Appendix A. E-mail your submission to *budget@dpb.virginia.gov*.

Section 4 - The Data Submissions

Preparing and filing the data submissions

The data submission allocates the resources your agency proposes in each decision package among the programs and service areas (subprograms), major objects or subobjects of expenditure, and funds or fund detail affected for each year of the 2008-2010 biennium. The data submission is also due on October 31, 2007. Your data must be submitted using the web-based system WebBEARS.

Prepare the budget data for each decision package using the unique decision package number you have assigned to it as a discrete submission even if the request is distributed among several programs and service areas. Do not combine multiple decision packages or portions of them in your data submission.

Remember, when entering dollars or FTE positions for each proposal, use only the incremental change from your agency's base budget. Do not use replacement amounts.

Specific information about the data submission

Personal services. For all personal services, array your planned expenses for each decision package by subobject detail. You can download the revised Expenditure Structure, dated July 2007, from DPB's web site at http://dpb.virginia.gov/. If the decision package includes any adjustments for turnover and vacancy savings, you may use the following designated convenience codes:

1192	Turnover/Vacancy Faculty Salaries
1193	Turnover/Vacancy Fringe Benefits
1194	Turnover/Vacancy Medical/Hospital Insurance
1195	Turnover/Vacancy Classified Salaries

Do not use any other convenience codes for personal services.

Remember to carry out position requests to two decimal places. Also, positions can be assigned only to personal services subobject codes.

Nonpersonal services. For all nonpersonal services, array the planned expenses by major object of expenditure. Use the designated convenience codes which are listed below (e.g., for your expenses in the 1200 major object of expense, enter your aggregate amount using the convenience code 1295):

- 1295 Undistributed Contractual Services 1395 Undistributed Supplies and Materials 1495 Undistributed Transfer Payments 1595 **Undistributed Continuous Charges** 2195 **Undistributed Property and Improvements** 2295 **Undistributed Equipment**
- 2395 **Undistributed Plant and Equipment**
- 3195 Undistributed Obligations

For nonpersonal services, use ONLY the designated convenience codes listed here. Do not use any other budgetary nonpersonal services convenience codes, including those in Section D of the Expenditure Structure or elsewhere. (Note: For institutions of higher education, recoveries should include the appropriate recovery subobject code.)

Fund/fund detail information. Include fund information at the program level by fund group. If your agency normally uses fund detail information, include this level of detail in your submission. (NOTE: This is very important since these changes will be incremented against the fund/fund detail data contained in your agency's base budget that you submitted on October 15, 2007. If you enter a negative amount for fund/fund detail record that is not in your agency's base budget, the decision package will create an overall negative fund amount which your agency will have to correct.)

Make sure the fund detail used for the requested position(s) aligns with its funding source(s).

Changes between fund sources only. If a decision package makes a shift between fund sources (for either dollars or FTEs) and the net effect of the decision package or change is zero, you do not need to enter a detail subobject record.

Balancing the submission. Before submission, make sure that the total dollars and positions for the fund/fund detail at the program level balance to the dollars and FTEs at the subobject level for each decision package. If the decision package contains multiple programs, the same rule applies: Each program must balance for dollars and FTEs at the fund/fund detail and at the subobject level.

Numbering the submissions. Number each individual decision package in sequential order according to its unique decision package number (e.g., decision package number 300, decision package number 301, etc.). Be sure to use the same number you use on the Form NJ for each decision package. See "Decision package categories" in these instructions for details on numbering decision packages.

Submitting the data

Submit your data submission using WebBEARS, through DPB's web site. (Go to www.dpb.virginia.gov, then click on the WebBEARS link under "Agency Systems" in the blue column on the left.)

Tips on using WebBEARS:

Most agencies have already obtained a login ID for all staff that will be using the WebBEARS system. If you have not already obtained an ID, you must first complete an "Access Request Form" to provide a login ID and password before using the system for the first time. Simply go to the DPB web site (www.dpb.virginia.gov), click on the WebBEARS link under the "Agency Systems" in the blue column at left then, click on "Access Request Form," and then fill in the required information. Finally, click the "submit" button.)

Remember to use the drop-down menu on the main screen of WebBEARS to select "2008_DecisionPackage" when you enter your data.

WebBEARS has friendly "Help" screens that guide you through the system. If you have technical questions, please contact your budget analyst.

Remember to click on the "Complete submission" button when you are finished with your WebBEARS entry. WebBEARS automatically sends DPB an email when you complete your data submission by clicking on the final "Complete submission" button.

Section 5 - Out-Year Costs Not Included in Decision Packages

Section 2.2-1503.1 of the Code of Virginia requires that the Governor submit a financial plan to the members of the General Assembly for a prospective period of six years. This plan is to consist of:

- 1. The Governor's biennial budget,
- 2. Estimates of anticipated general fund and nongeneral fund revenues prepared for an additional period of four years, and
- 3. Estimates of the general fund and nongeneral fund appropriations required for each major program for an additional period of four years.

DPB recognizes that some agencies may anticipate out-year spending increases or decreases that may not be submitted as part of a decision package. For example, a new building or facility may be coming on line in September 2011 for which operating costs are anticipated. Since additional funding for this new facility is not required in the 2008-2010 biennium, no decision package would be submitted.

To capture any anticipated appropriation needs for the 2010-2012 and 2012-2014 biennia for which your agency is not submitting a decision package, you must submit an Out-Year Cost Estimates Form (Form OYF). This Microsoft Excel form should be used to report significant general fund and nongeneral fund appropriation increases or decreases you anticipate for the four years following the 2008-2010 biennium.

State agencies and institutions of higher education should submit Form OYF in an electronic format to DPB.

A WebBEARS submission is not required for those anticipated out-year appropriation adjustments for which you are not submitting a decision package this year.

See Appendix C of these instructions for more on Form OYF.

Section 6 – Information Technology Submissions

Decision packages for information technology (IT) projects must be submitted by individual agencies, not by VITA. If any of your agency's proposed amendment packages relate to information technology (i.e., those in the 700-724 category series), you must submit an electronic copy of DPB Form TR-1 Technology Project Profile to DPB by close of business on October 31, 2007 along with the Decision Package Narrative Justification (Form NJ). Agencies should NOT submit a decision package (Form NJ) for VITA rate increases covered by the decentralized rates that were introduced in late FY 2007 – these will be covered centrally.

Agencies may submit an IT decision package for a major IT project only if the proposed project was also identified in the *Agency IT Strategic Plan for 2008-2010* and included in the September 1 report to the Governor and General Assembly entitled, *Recommended Technology Investment Projects for the 2008-2010 Budget Biennium* or *the 2007 RTIP Update* which will be submitted to the Governor and General Assembly on November 1, 2007. Agencies may submit an information technology decision package for a non-major IT project only if it was also identified as a project in the *Agency IT Strategic Plan for 2008-2010*.

For major IT projects, the total dollar amount on an Information Technology decision brief should not exceed the amount listed by the corresponding technology project in the report. If the request is larger, an explanation must be provided in the Form NJ.

Note: Inclusion of an agency project in the report to the Governor and General Assembly entitled, Recommended Technology Investment Projects for the 2008-2010 Budget Biennium, September 1, 2007, submission or the 2007 RTIP Update which will be submitted to the Governor and General Assembly on November 1, 2007 is not assurance that it will be funded. For those projects requiring funding, agencies must submit a budget request for the project to be considered for inclusion in the Governor's 2008 budget bill.

Direct any questions regarding the requirements for these submissions to Constance Scott at the Virginia Information Technologies Agency, (804) 416-6179 or e-mail address: constance.scott@vita.virginia.gov.

See Appendix B of these instructions for more about information technology submissions.

Section 7 – Rate Adjustments by Central Agencies

As the Governor's introduced budget is developed, it is necessary for central service agencies to inform DPB of any actions they might propose that could impact the operating budgets of other state agencies in the future. Such actions include any changes to the rates imposed upon other state agencies for intra-governmental services such as telecommunications, office space rentals, or insurance premiums. It is imperative that this information be received in time for consideration and possible inclusion within the Governor's introduced budget. No change to central service agency rates may be implemented without the prior notification of DPB and inclusion in the Governor's Executive Budget.

Central service agencies must notify DPB by October 31, 2007, about any planned changes to the rates they will assess other state agencies during the 2008-2010 biennium. This notification must include an explanation justifying the proposed rate adjustment, the service rate currently in effect, the new rate being proposed, the unit of measure for the affected service (e.g., square footage of office space, etc.), the total number of units used by each affected state agency, and the effective date of the rate adjustment. Central service agencies should submit the required information in an electronic format on Form RANJ. However, central agencies do not need to make a WebBEARS submission for these rate adjustments unless the rate adjustment impacts their own base budget. If rate adjustments are approved, DPB will make any adjustments for other individual agencies.

See Appendix D of these instructions for more on Form RANJ.

In addition to completing the Form RANJ, the central agency needs to provide a spreadsheet showing the 2008-2010 impact by fiscal year over existing rates for each affected state agency.

Section 8 - Legislative Reporting Requirements

Section 2.2-603 (E) of the Code of Virginia requires each state agency (all branches of government), other than institutions of higher education, to report on the following information annually:

- **Federal grants**. Listing and general description of any federal contract, grant, or money in excess of \$1,000,000 for which the agency was eligible, whether or not the agency applied for, accepted, and received such contract, grant, or money, and, if not, the reasons for which it did not apply. (**Form FF**)
- **Federal spending**. Dollar amount and corresponding percentage of the agency's total annual operating expenditures that were supplied by funds from the federal government. (**Form FS**)

In addition, Section 4-5.05 c2 of the 2005 Appropriation Act requires all agencies to report on organizational memberships with annual dues of \$5,000 or more. (**Form OM**)

The forms and instructions can be found in Appendix E and on the DPB website http://dpb.virginia.gov/forms/forms.cfm. Once completed, e-mail your submission to: budget@dpb.virginia.gov. Send each form as a separate attachment.

Appendix A

Instructions for completing the Decision Package Narrative Justification (Form NJ)

General information

Please use the Word format provided by DPB.

You can download the format for Form NJ from DPB's web site (go to www.dpb.virginia.gov, then click on the "Documents & Forms" link in the blue column at left, then type in "Decision Package" in the Search window).

Complete a separate narrative justification for each decision package. Please put <u>each</u> narrative justification into <u>a separate document in Microsoft Word</u>. In addition, for each amendment request involving new positions, you must complete the DPB form "NP" position calculator and submit it along with each associated amendment Word document (NJ) form. Form NP is an Excel file that can also be found on the DPB website. As with the Form NJ, <u>a separate form NP Excel file</u> must be submitted for each amendment that involves new positions.

Complete a separate decision package for each information technology project. Information technology procurements may be combined together in one decision package.

For technical adjustments, you must complete Section 1 of Form NJ (the other sections are optional for technical adjustments). For all non-technical amendments, you <u>must</u> complete all the items. If an item is not applicable, insert "N/A." Do not delete any items.

When you save the completed forms, name them according to the following convention: your agency's three-digit code followed by "NJ" followed by the decision package number. Example: If you are agency 999 and you submit three decision packages numbered 300, 400, and 401, the files would be named 999NJ300.doc, 999NJ400.doc, and 999NJ401.doc. When submitting the new position Excel files (Form NP), use the same naming convention (replace "NJ" with "NP"). Example: agency 999 amendment 400 involves new positions. The associated form NP file should be called 999NP400.xls.

Form NJ Item by Item Instructions:

Section 1: Summary Information

- **Item 1. Agency name:** Type in the agency name.
- Item 2. Agency code. Insert your agency's three-digit code.
- **Item 3. Amendment number.** Use the three-digit category number as specified in "amendment categories" section of these instructions. It is important that you use the <u>SAME number here</u> that you do in WebBEARS for the "addenda" number.
- Item 4. Title. Insert a short descriptive title (no more than 100 characters long). Remember that your title should begin with an action verb such as "increase," "add," "reduce," "transfer," "shift," "expand," etc.
- **Item 5. Priority.** Insert a number here indicating the priority your agency puts on each decision package, with "1" as most important. (Your agency's most important budget amendment would be numbered "1," next most important, "2," etc. Do <u>not</u> use sub-categories such as "1a" and "1b"). No two amendments should have the same priority number.
- Item 6. Key objectives and measures (Institutional Performance Standard for Higher Education). Detail how your request does or does not impact the Governor's key objectives and measures. *If your request*

does not impact a "key," how will the success or failure of the funding be evaluated. Make sure to include any performance measures that will be used to evaluate. This section is required.

- Item 7. Summary of costs and positions. Complete this short table to summarize the overall resources required for the budget request. For each year, show the total general fund dollars, nongeneral fund dollars, personal services dollars, nonpersonal services dollars, and positions. Show negative numbers (reductions) in parentheses. You must cost out your proposal for six years taking into account one-time and start-up costs. Do not make any assumptions about future salary or fringe benefit cost increases. These will be handled centrally.
- Item 8. Summary of nongeneral fund sources. For nongeneral fund amounts requested, insert in the table the revenue source code, the fund/fund detail code, the title of the fund/fund detail, and the amount required for each year of the biennium. Add additional lines if needed for more revenue source codes or fund details. Also provide in the block marked "Explanation / comments on nongeneral fund sources" the methodology used to calculate the nongeneral fund amounts. Note: Institutions of higher education should explain the impact on student tuition and fees of any requests for nongeneral fund dollars.
- Item 9. Description (including discussion on need for request). Summarize the actions your agency proposes to take with the requested dollars or position. If the decision package is for language only, explain what the language will allow the agency to do. In addition, provide detailed information to indicate the need for the proposed service. For example, is there a waiting list for services? If so how long is the wait, how many individuals are on the list, what is the average wait time to receive services? Have demographic, weather, or other factors changed the need for the service? Cite quantitative data wherever possible. Make sure to explain why request is inherently governmental.

Section 2: Expected Outcomes

- **Item 10. Consequences of not funding.** Indicate the consequences you expect if your proposal is not approved.
- Item 11. Alternatives considered. Indicate any other alternatives you considered for accomplishing the objectives of the request and why you selected the proposed action. Briefly list the pros and cons of each alternative.
- Item 12. What are the expected results to be achieved if this request is funded? Describe the anticipated results or outcomes that your agency expects to accomplish if the proposal is approved. What issue or problem are you trying to resolve? Indicate how you will measure the success of the effort if this proposal were to be funded, giving the specific results that you expect should this proposal be funded.

Section 3: Detailed Cost Information

- Item 13. Does the request contain one-time funding? If the request involves additional funding, put an "X" in the "YES" box to indicate if it represents a one-time need. If the requested expenditures are made up of some one-time and some recurring costs, insert an "X" in the YES box, but be sure to explain and indicate how much of the request is one-time. Explain why you consider the funding to be one-time.
- Item 14. Does the request contain recurring funding? If the funding is recurring, put an "X" in the "Yes" box. If yes, indicate and explain whether and why funding requirements in future years will be more or less than the current biennium.
- Item 15. Does the request contain funding for the cost of new positions? Put an "X" in the appropriate box to indicate if the amendment includes any personal services dollars involving new full-time (or part-time classified) positions. If yes, complete the separate form "NP" Excel file that can be fund on the DPB website (www.dpb.virginia.gov). A separate form NP should be completed for each amendment that involves new full-time or part-time classified positions. Enter the GF and NGF dollar totals from the

bottom of Form NP and the total number of positions requested in the table provided. Explain the methodology used in determining the cost and other assumptions in the appropriate block. Also describe how these positions relate to the services to be provided through this proposal (i.e., do these positions provide administrative support or do they deliver direct services?). For wage employees or other personal services cost requests, see Item 17.

- Item 16. Does the request contain funding for personal services costs other than new positions? Put an "X" in the appropriate box to indicate if the amendment request includes any personal services dollars that do <u>not</u> involve new full-time or part-time classified employees. For example, if the request includes funding for additional wage employees, or a salary increase for a specific group of existing employees, then include the cost in this item. In the table provided, list each separate other personal services request and the associated costs. Explain the methodology used in determining the cost and other assumptions in the appropriate block.
- Item 17. Does the request contain funding for nonpersonal services? Put an "X" in the appropriate box to indicate if any nonpersonal services costs are included in the request. If yes, use the table to indicate by major object of expenditure the change in resources your agency is requesting for nonpersonal services. Identify and explain specific expenses such as grants and contracts, operating fixed assets, and debt service. (Institutions of higher education: Include information to justify any proposed increases in student fees.)

Section 4: Other Information and Requirements

- Item 18. Are the proposed services mandated? Put an "X" in the appropriate box to indicate if the proposed services are mandated. If so, indicate what precisely the mandate requires and what is its origin (cite federal or state statutory provisions). Note: Requirements of state or federal *regulations* are <u>not</u> considered "mandates." Also, a service is not mandated if legislation <u>enables</u> or <u>authorizes</u> the service but does not <u>require</u> it.
- Item 19. Will new legislation be required as a result of this request? Put an "X" in the appropriate box to indicate if your request requires a legislative proposal to amend the Code of Virginia. If so, give the proposal identification number and summarize the proposal. If the legislation has not been submitted to the Governor's Policy Office to date, when will it be, and where is it now? Indicate why the legislation is essential for the success of the request. If the proposal does not involve any needed legislation, indicate "no."
- Item 20. Is Appropriation Act language required as part of this request? Put an "X" in the appropriate box to indicate if there is a need to add, revise, or delete language in the Appropriation Act. (If so, please include a detailed explanation of the language changes required.)

Appendix B

DPB Form TR-1 Technology Project Profile

Α.	General Information
1.	Agency Name: 2. Agency Code:
3.	Project Title:
4.	Building Name:
В.	Technology Project Information
	Important: Have you already provided a Project Proposal Document to VITA's PMD Division for this request? If so, you do not need to fill out the remainder of this form, as it will be made available to DPB by way of VITA. If not, please fill out the rest of this form in its entirety.
	If you are submitting a budget decision package for a project baseline change to an existing active project that requires additional funding, please file a proposed change request package with PMD and reference this package in your TR-1 form. You do not need to fill out the remainder of this form.
1.	Project Description Describe the project approach, the specific solution, customer(s) served, and expected benefits. The approach is the overall strategy for solving the Business Problem. The solution should identify in specific terms how the project is accomplished and include information about the general timing and cost of major procurements or purchases. If the Project Analysis Worksheet was completed, the Preliminary Project Description (Section C) and the Recommendation (Section G) on the worksheet provide information to support development of the Project Description.
2.	List the Lines of Business and Functions from the Enterprise Business Model that this IT Investment Supports.

3. Total Technology Cost Estimate:

Estimate of Execution Expenditures and Funding

Provide an Estimate of the Expenditures and Funding required for execution and close out of the project

Instructions for Completing DPB Form TR-1 Technology Project Profile

The DPB Form TR-1 must be prepared in addition to the Decision Package Narrative Justification (Form NJ) for each information technology proposal (regardless of cost and regardless of whether submission is a new initiative or supplement to an existing system), your agency must submit both forms concurrently to DPB by October 31, 2007.

Each major IT project requires a TR-1 form and a corresponding NJ form. If you have already provided a Project Proposal Document to VITA's PMD Division for this request, you only need to fill out the Section A of this form and answer the first question in Section B, as the Project Proposal Document will be made available to DPB by way of VITA. If not, please fill out the rest of this form in its entirety.

If you are submitting a budget decision package for a project baseline change to an existing active project that requires additional funding, please file a proposed change request package with PMD and reference this package in your TR-1 form. You only need to fill out the Section A of this form and answer the first question in Section B.

.

This form is used to describe the general scope of work and cost estimates for technology projects. This project should have been included in your agency's IT Strategic Plan submitted to the Virginia Information Technologies Agency (VITA). If it was not included, you must explain on the DPB Form TR-1 in Section B, Item 1.

Direct any questions regarding the requirements for these submissions to Constance Scott at the Virginia Information Technologies Agency, (804) 416-6179 or e-mail address: constance.scott@vita.virginia.gov.

If you do not have the in-house expertise to complete this form (especially Section B, Items 3 and 4), please contact VITA at the telephone number above for assistance.

A. General Information

Item #1. Agency Name. Enter your agency's name.

Item #2. Agency Code. Enter the three-digit code for your agency.

Item #3. Project Title. Enter the technology project title.

Item #4. Building Name(s). Enter the name of the building(s) in which the technology project is proposed.

B. Technology Project Information

Item #1. Description of the technology component of the request. Enter a brief description of the proposed scope of work for the technology component of the project.

Item #2. Enterprise Architecture function(s) affected: Identify your agency's Enterprise Architecture functions that would be impacted if the request were funded.

Item #3. Total technology cost estimate. Indicate the technology-related cost of this project, along with the incidental costs of materials, labor, engineering and design, etc. Other costs can include such things as the services relating to the analysis, design, placement, training, and monitoring of such equipment or systems.

Item #4. Explain how the technology cost estimate was developed. Explain methodology used to develop the technology cost estimate and source(s) of costing information.

Item #5. Explain if not in IT strategic plan. If the proposed project was not included in your agency's IT Strategic Plan that was submitted to VITA, please explain why the project was not included, and why it is now needed and impact if not approved.

The following Form TR-1 is provided as information only as part of the instructions. You must download the Form TR-1 without the attached instructions from the DPB web site for submittal and should be submitted to constance.scott@vita.virginia.gov and to your assigned budget analyst. Submittals should be named using the following naming convention: your agency's three-digit code, followed by "TR-1," followed by the decision package number.

Appendix C

DPB Form OYF Out-Year Cost Estimates

Virginia Department of Planning and Budget

5		C	D	E	F	G	н	ı	J
A B		FY 2011		FY 2012		FY 2	2013	FY 2014	
Agency Code	Title	General Fund	Nongeneral Fund	General Fund	Nongeneral Fund	General Fund	Nongeneral Fund	General Fund	Nongeneral Fund
									_
	Total Out-Year Costs:	\$0	\$0	\$0	\$0	\$0	\$0	\$0	\$0

Instructions for completing the Out-Year Cost Estimates (Form OYF)

General information

This form is required <u>only</u> from agencies that anticipate an increase or decrease in spending in the out-years (e.g., FY 2011, FY 2012, FY 2013, and FY 2014) that is <u>not</u> part of a decision package for the 2008-2010 biennium. An example would be a building or facility scheduled to open in FY 2011 for which additional operating expenses would be required.

Please use the Excel format provided by DPB. You can download the format for Form OYF from DPB's web site (go to www.dpb.virginia.gov, then click on the "Documents & Forms" link in the blue column at left, then type in "Decision Package" in the Search window).

Your agency should complete only one Form OYF for all of the anticipated out-year costs for your agency. Please email the form to DPB at budget@dpb.virginia.gov.

When you save your completed table, name it according to the following convention: your agency's three-digit code followed by "OYF." Example: If you were agency 999, the file would be 999OYF.xls.

Specific information

- Column A. Agency code: Type in the agency's three-digit agency code. Note, you must repeat the agency code in each row for which you have a projected cost item.
- Column B. Title. Insert a short title starting with an action verb that describes the item for which you are reporting anticipated out-year costs.
- Columns C-J. For each year (FY 2011, FY 2012, FY 2013, FY 2014), record the anticipated costs of the item from the general fund and from nongeneral funds.

Appendix D

2008-2010 Rate Adjustment Narrative Justification (Form RANJ)

Virginia Department of Planning and Budget

1. Agency name:	2. Agency code:	_
3. Decision package number: 4.	Title:	
5. Description		
6. Objectives/results		
7. Consequences of not altering rates		
7. Consequences of not aftering rates		
8. Need for request		
9. Alternatives considered		
10. Service rates currently in effect		
11. New service rates being proposed		
12. Service rate's unit of measure		
13. Total number of units used by each age	ency	

14. Projected Revenues under existing rates							
2008	2009	2010	2011	2012	2013		

15. Projected Revenues under proposed rates							
2008	2009	2010	2011	2012	2013		

16. Effective date of rate adjustment by agency

17. Is the proposed rate change mandated?	•		YES	NO
18. Has JLARC approval been received?	YES	NO		
19. Appropriation Act language needed? If VES, please explain and show changes:	YES	NO		

Instructions for completing the Rate Adjustment Narrative Justification (Form RANJ)

General information

The Rate Adjustment Narrative Justification (Form RANJ) form is required <u>only</u> from central service agencies that anticipate a change in their assessed rates for services they provide to other state government agencies.

Please use the Word format provided by DPB. You can download the format for Form RANJ from DPB's web site (go to www.dpb.virginia.gov, then click on the "Documents & Forms" link in the blue column at left, then type in "Decision Package" in the Search window).

Complete a <u>separate</u> narrative justification for <u>each</u> anticipated rate change. Please put each narrative justification into a separate document in Microsoft Word.

You <u>must</u> complete all the items. If an item is not applicable, insert "N/A." Do not delete any items.

When you save your completed table, name it according to the following convention: your agency's three-digit code followed by "RANJ" followed by the decision package number. Example: If you are agency 999 and you submit proposals for two rate adjustments, numbered 300 and 301, the files for these narrative justifications would be 999RANJ300.doc and 999RANJ301.doc.

Specific information

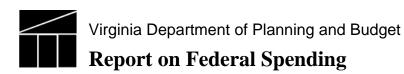

- **Item 1. Agency name:** Type in the agency name.
- Item 2. Agency code. Insert your agency's three-digit code.
- **Item 3. Decision package number.** Use the three-digit category number as specified in "Numbering decision packages" in Section 2 of these instructions.
- **Item 4. Title.** Insert a short descriptive title (no more than 100 characters long). Remember that your title should begin with an action verb.
- **Item 5. Description.** Provide a full description of the actions involved in the proposed rate adjustment.
- Item 6. Objectives/results. Describe the anticipated results or objectives your agency expects to accomplish if the proposed rate adjustment is approved. What issue or problem are you trying to resolve? Be as specific as possible.
- Item 7. Consequences of not altering rates. Indicate the consequences you expect if the rate adjustment is not approved.
- **Item 8. Need for request.** Provide detailed information to indicate the need for the proposed rate adjustment. For example: Have demographic, vendor prices, or other factors created the need for the rate adjustment? Cite quantitative data wherever possible.
- Item 9. Alternatives considered. Indicate any other alternatives you considered to a rate adjustment and why you selected the proposed action. Briefly list the pros and cons of each alternative.
- Item 10. Service rates currently in effect. List, by the lowest commonly used unit of service, the rate currently being charged to state agencies. If the rates vary by agency, list all rates to the extent necessary so that the rate may be determined for any and all affected agencies. (Items 10, 11, 12, 13, and 14 may be submitted to DPB on an electronic spreadsheet along with Form RANJ.)

- Item 11. New service rates being proposed. List, by the lowest commonly measured unit of service, the new proposed rate to be charged to state agencies. If the rates are to vary by agency, list all rates to the extent necessary so that the rate may be determined for any and all affected agencies.
- **Item 12. Service rate's unit of measure.** Define and describe the units of measure in the adjustment proposal sufficiently for the average lay person.
- Item 13. Total number of units used by each agency. List, by the lowest commonly measured unit of service, the expected number of units to be utilized by each state agency.
- **Item 14. Projected Revenues under existing rates.** Provide revenue estimates based on maintaining the current, existing rate structure.
- **Item 15. Projected Revenues under proposed rates.** Provide revenue estimates based under the new, proposed rate structure.
- Item 16. Effective date of rate adjustment by agency. List the expected dates the new proposed rate changes are to go into effect for the agencies. If the dates are to vary by agency, list dates by agency.
- Item 17. Is the proposed rate change mandated? Check the appropriate box to indicate if the proposed rate change is mandated. If so, indicate what precisely the mandate requires and what is its origin (cite federal or state statutory provisions). Note: Requirements of state or federal *regulations* are <u>not</u> considered "mandates." Also, a rate change is not mandated if legislation <u>enables</u> or <u>authorizes</u> the activity but does not require it.
- Item 18. Has JLARC approval been received? Check the appropriate box to indicate whether the proposed rate change has been approved by JLARC. If yes, please send DPB a copy of JLARC's approval. If no, indicate when JLARC is expected to consider approval.
- Item 19. Appropriation Act language needed? Put an "X" in the appropriate box to indicate if there is a need to add, revise, or delete language in the Appropriation Act. If yes, insert the affected page(s) of the 2007 Appropriation Act showing deletions marked as a strike-through and additions underlined. Chapter 847 language can be downloaded from the Legislative Information System.

Organizational Memberships of State Agencies

INSTRUCTIONS

Section 4-5.05 c.2. of the 2005 Appropriation Act, requires agencies to report on organizational memberships with annual dues of \$5,000 or more.

Your agency is requested to provide this information for organizations in which it will hold membership during the <u>current</u> state fiscal year (FY 2008, which began July 1, 2007, and will end on June 30, 2008). You must provide the name of the organization and the purpose of the membership. This information is needed only for membership dues of \$5,000 or more.
