

**Unified Regulatory Plan of the Virginia Department of Health for State Fiscal Year  
2024**

Prepared on June 30, 2023

## **Description of Agency or Boards**

The State Board of Health and the State Health Commissioner, assisted by the State Department of Health, are authorized to administer and provide a comprehensive program of preventive, curative, restorative and environmental health services; educate the citizenry in health and environmental matters; develop and implement health resource plans; collect and preserve vital records and health statistics; provide medicolegal investigation and postmortem examinations of deaths that occur suddenly, unexpectedly, violently, or in an otherwise suspicious manner; assist in research; investigate outbreaks of disease; and abate hazards and nuisances to the public health and to the environment both emergency and otherwise.

Regulatory activities are noted herein as vested in the department, without distinction among those vested in the State Board of Health or the State Health Commissioner. In furtherance of its mission to promote and protect the health of all Virginians, the department administers numerous programs and engages in many regulatory activities via the offices indicated below:

Office of the Chief Medical Examiner,  
Office of the Commissioner,  
Office of Community Health Services,  
Office of Drinking Water,  
Office of Emergency Medical Services,  
Office of Emergency Preparedness,

<b>Title of Proposed Regulatory Action</b> 12 VAC 5-90. Amend Regulations for Disease Reporting and Control to comply with changes in public health practice		
<b>Brief Overview</b>		

<p>VDH is proposing an amendment to the regulations to bring them into compliance with recent changes in the field of communicable disease detection and control and to allow greater flexibility with respect to reporting requirements in light of rapidly changing laboratory technologies and the emergence of new pathogens that are of public health concern. This amendment removes, edits, and adds definitions as necessary to reflect current public health definitions and needs; removes the requirement to report weekly counts of influenza diagnoses; modifies the timelines for laboratories to submit isolates or specimens for further public health laboratory testing to improve the viability of material available for testing; replaces reporting by use of the Epi-1 form with reporting via an online web portal.</p>

12VAC5-462. Amend Swimming Pool Regulations Governing the Posting of Water Quality Results as a Result of Periodic Review, including potential consolidation with other pool regulations		
<b>Brief Overview</b>		
Amend the regulatory text to ensure an effective regulatory program governing water quality standards for public recreational water facilities is maintained throughout the Commonwealth. Chapter 460 is being repealed and replaced; the Board is considering moving all provisions from 462 to the new chapter to consolidate all pool-related regulations. The NOIRA published in September 2022 did not address repeal of Ch 462 to accomplish the consolidation, so a separate regulatory action or stage will need to be used.
