Finance

Financial Overview

In FY 2020 the Virginia Tourism Authority will operate with a general fund budget of \$21.2 million. These funds support the marketing, visitor services, Virginia Film Office, partnership marketing, and minimal administrative support functions. The Authority aggressively leverages funding and forms partnerships with industry and government entities to extend the reach of its limited budget.

The Virginia Tourism Authority is not on the books of the State Comptroller, so the only funds reflected are general fund appropriations. However, the Authority does receive about \$1.3 million annually from the Virginia Department of Transportation (about \$1.2 million for operation of the state's 13 Welcome Centers and \$100,000 as a pass-through for the Danville Welcome Center, which is locally operated). These funds, however, are not sufficient to fully fund the Welcome Centers' operations, which total almost \$2.5 million annually.

In addition, the Authority collects almost \$1.9 million (projected FY 2020 collections) from a variety of other sources, including brochure rack fees at Welcome Centers and rest areas, reimbursement for the WW I & WW II Profiles of Honor Tour program by the Virginia World War I and World War II Commemoration Commission, royalties from the sale of "Virginia is for Lovers" merchandise, and other miscellaneous fees and collections.

Biennial Budget

	2019 General Fund	2019 Nongeneral Fund	2020 General Fund	2020 Nongeneral Fund
Initial Appropriation for the Biennium	21,035,424	0	20,810,424	0
Changes to Initial Appropriation	0	0	425,000	0

(Changes to Initial Appropriation will be 0 when the plan is created. They will change when the plan is updated mid-biennium.)

Customers

Anticipated Changes to Customer Base

Due to the increasing economic reliance on the Internet, the agency’s web-based applications (especially mobile) will need to continue to grow and

evolve to meet the increasing customer demand. There is also a growing demand for grant funding as more and more local governments and businesses see the benefits of participating in the agency's cooperative marketing programs. Finally, the state's burgeoning motion picture production industry will result in a growing customer base related to both production companies (including producers and filmmakers) as well as Virginia-based crew and actors.

Partners

Name	Description
Capital Region USA (CRUSA)	Capital Region USA (CRUSA) is a not-for-profit tourism coalition comprised of the Virginia Tourism Authority, Destination DC, Maryland Office of Tourism Development and Metropolitan Washington Airports Authority. Through shared resources and vision, CRUSA strives to increase visitation and economic impact to the region from targeted international markets supported by non-stop daily flights to Virginia's Dulles International Airport by implementing strategic marketing programs and developing public- and private-sector partnerships. The partnership was created because each destination region lacked the financial or human resources to market to the international market by itself. This is an effective means to pool resources to jointly market overseas to direct tourists to the region.
Tourism marketing partners	The Virginia Tourism Authority tries to leverage its limited marketing funds at least 3:1 through strategic partnerships and by offering cooperative marketing opportunities to Virginia's tourism industry. The Authority recognizes that partnerships are critical to success and vital in times of scarce financial resources. Therefore, cultivating partnerships and identifying corporate sponsorships are primary focuses for stretching Virginia's resources and reaching a broader audience to attract visitors.
Destination Marketing Organizations (DMOs)	A destination marketing organization (DMO) is the principal organization of one or more states, one or more localities, or a combination thereof, that is organized and operated to promote its respective destination, to attract visitors and/or to solicit and service meetings and conventions. A DMO is designated and authorized by its respective incorporated government entity as the representative organization exercising those functions.
Chambers of Commerce	An organization formed to promote and protect the interests of businesses in a particular state, locality or group of localities.
Non-profit organizations	Entities that have been granted an exemption from federal income taxation pursuant to § 501 of the Internal Revenue Code of 1986.
Localities	In accordance with § 1-221 of the Code of Virginia, locality means a county, city or town as the context may require.
Virginia Production Alliance	A trade association formed to promote and protect the interests of the motion picture industry in Virginia.
Virginia Restaurant, Lodging & Travel Association	A trade association formed to promote and protect the interests of the hospitality, travel and tourism industries in Virginia.

Virginia Association of Destination Marketing Organizations	A trade association formed to promote and protect the interests of destination marketing organizations in Virginia.
State associations	Trade groups formed to promote and protect the interests of a particular industry, profession or occupation within the Commonwealth of Virginia.
Private industry	Any type of corporation, partnership, limited liability company, association or sole proprietorship operated for profit.
Colleges and universities	Institutions of education that are legally authorized within Virginia to provide a program of education beyond high school.
State agencies	In accordance with § 2.2-307 of the Code of Virginia, state agency means any agency, institution, board, bureau, commission, council or instrumentality of state government in the executive branch listed in the appropriation act.

Agency Goals

• Inspire travel to Virginia by strengthening awareness of the Virginia brand and product.

Summary and Alignment

Increase and strengthen the awareness of Virginia as a travel destination. Make the visitor or potential visitor aware of the many opportunities that the Commonwealth offers in the way of destinations, family fun, history, and business travel.

Major Products and Services

The Virginia Tourism Authority provides the following services:

Brand Management: The advertising program develops and promotes the Virginia brand through social media, broadcast, and digital media. The media plan targets frequent travelers within markets that provide the highest potential number of visitors to Virginia. The media plan includes buy-downs and cooperative support for Virginia's tourism industry.

Digital Marketing: The digital marketing program manages VTA's three primary websites: virginia.org, blog.virginia.org, and vatc.org. Virginia.org and blog.virginia.org are trip planning and travel inspiration websites for consumers, while vatc.org is a business-to-business website for Virginia's tourism industry. Digital marketing manages VTA's Internet communications technologies and develops web-based business initiatives and partnerships. Digital marketing also regularly educates the industry on the use of online technologies, marketing strategies, and the benefits of full participation in VTA's consumer website. In addition, digital marketing manages VTC's robust social media program.

Grants: The grants program provides supplemental financial assistance to Virginia destination marketing organizations and tourism businesses. The competitive grants application process is designed to leverage scarce resources, promote the Virginia is for Lovers brand, encourage the creation of partnerships, and enhance the development and marketing of Virginia's tourism product. In addition, VTA works to identify and publicize other grant opportunities available to the state's tourism industry from federal, state, and private sources.

Film: The Virginia Film Office is committed to attracting film and video production to Virginia and supporting the indigenous production industry, with the ultimate goal of bringing economic and employment benefits to the Commonwealth. Film, video, and multi-media production is a growth industry worldwide, and the potential economic benefits to the state have increased significantly. The Virginia Film Office pursues its goals through the creation and implementation of innovative marketing and development programs, and by delivering exceptional customer service to inspire repeat business.

Communications: The communications program is responsible for generating editorial coverage in targeted national, regional, and in-state publications for promotion of Virginia as a premier travel destination. Communications also provides VTA with visibility in niche publications to promote special and unique attractions in Virginia. The program also is responsible for developing talking points for press conferences and interviews with the Governor and First Lady. In addition, it disseminates tourism-related news to the Virginia tourism industry and works with the industry on generating media coverage.

Global Marketing: The global marketing program develops and implements integrated direct sales, marketing, promotions, and public relations strategies that are innovative in order to bring more foreign visitors and vendors to Virginia. The geographic targets are coordinated with air service to gateway airports and are supported by research.

Domestic Sales: VTA markets the Commonwealth as a premier travel destination to tour operators, select travel agents, meeting planners, and sports events rights holders. VTA represents the Commonwealth and provides the Virginia tourism industry with partnership opportunities to collaborate at professional trade shows, sales missions, site inspection tours, and marketing initiatives strategically targeting national, regional, and in-state domestic trade markets.

Research: The research program utilizes a wide range of tourism industry data, metrics, and insights in order to quantify Virginia's tourism industry and measure organizational goals that are aligned with VTA's overall strategy. The aims of VTA's research program are to measure tourism industry performance, conduct consumer studies, and perform competitive industry analysis. The research program works with internal and external partners in primary survey data and segmentation analysis, developing domestic and international visitor profiles, calculating domestic and international market shares, and determining the economic and fiscal impact of tourism on the state and localities. The program also provides detailed and timely information for VTA to measure the benefit-cost ratio of its integrated marketing, digital media, and incentive programs.

Creative Services: The creative services program provides in-house graphic development and production services for VTA. VTA's library of photography, film, videography, and digital graphics files is managed by creative services.

Fulfillment: The fulfillment program provides information to, and responds to inquiries from, consumers seeking information on travel and tourism in Virginia. Telephone and Internet inquiries are answered by a consumer services center and VTA publication requests are processed by a fulfillment house that provides storage, processing, delivery, and freight services. In addition, VTA operates a full-service distribution center to process customized and bulk orders and to manage the mailing needs of VTA and the Virginia Economic Development Partnership.

Welcome Centers: Virginia's welcome centers are designed to be first-stop destinations for the traveling public, strategically and conveniently located throughout Virginia on major arterial highways. VTA provides a broad array of services to the visitor, including personal travel counseling, informational materials, transportation maps, and lodging reservation assistance. In addition, the welcome center program serves Virginia's tourism industry by promoting a variety of destinations and attractions through advertising opportunities, product demonstrations and exhibits, and the distribution of travel publications.

Tourism Planning: VTA provides communities and tourism entrepreneurs with tourism planning expertise and support. It assists with strategic planning, product planning, and identifying funding resources (including grant opportunities and other options for stretching limited resources) to develop and market the Commonwealth's tourism product.

State Tourism Plan: VTA has developed a comprehensive state tourism plan, which provides a thorough assessment of the tourism needs in each of Virginia's tourism regions. This plan provides a competitive analysis of the state, including recommendations on increasing visitation through focused product development, promotions, improvements to infrastructure, and policies at the state and local level to support tourism

economic development. VTA will be updating the plan this biennium.

Tourism Development Financing: VTA helps to administer and promote a financing program for qualified tourism-related development projects (the Tourism Development Financing Program). This program provides gap financing to compensate for a shortfall in project funding in partnership with developers, localities, and financial institutions.

Performance Highlights

The Virginia Tourism Authority added four new performance measures and modified one performance measure in the FY 2014-16 biennium. The new measures included the number of digital referrals to industry partners (2.0 million in FY 2018), the dollar amount of economic impact generated by the motion picture industry (\$696.8 million in CY 2016), the cost per one thousand media impressions (\$.22 in FY 2018), and the number of Welcome Center visitors (3.5 million in FY 2018).

In addition, the Authority slightly modified one measure related to the amount leveraged for every grant dollar invested. That amount was \$3.36 in FY 2018. The Authority also tracks the number of website user sessions. This information is critical because the Internet is becoming more and more important as a marketing tool. In FY 2018 there were more than 11.4 million website user sessions.

Key Risk Factors

Unpredictable funding levels and the lack of a dedicated, independent stream of funding continues to threaten the health of the Virginia Tourism Authority. An unpredictable budget presents great challenges in long-term planning and marketing and greatly impacts the Authority's ability to continue to grow visitor spending. In recent years, some competitor states have received millions of dollars in additional appropriations to promote tourism and film production. The Authority receives about \$1.2 million annually from the Virginia Department of Transportation to support the operations of Virginia's Welcome Centers. The funds, however, are not sufficient to fully fund the Welcome Centers' operations, which total almost \$2.5 million annually. Therefore, the Authority supplements this funding with revenues from brochure rack fees as well as general fund dollars.

A related issue concerns the growing expectations of incentives, especially for film production. Currently the majority of states, as well as the District of Columbia and Puerto Rico, offer film incentives. Compared to most other states, Virginia's incentive program is relatively small. Tax credits total \$6.5 million per year and an additional \$3.0 million annual appropriation is provided for the Governor's Motion Picture Opportunity Fund. Virginia faces tough competition from other states that provide much more incentive funding. For example, Georgia, Kentucky, and Massachusetts offer uncapped tax credits, while New York (\$420 million/year), Louisiana (\$180 million/year), Pennsylvania (\$60 million/year), and North Carolina (\$30 million/year) offer generous production incentives.

Other risks include general economic uncertainty as well as the perception that tourism is not "economic development."

Management Discussion

General Information About Ongoing Status of Agency

The Virginia Tourism Authority will execute its overall tourism strategy with advice from the Board of Directors, in cooperation with the private sector tourism industry, and based on research, its Marketing Plan, and the State Tourism Plan. (The State Tourism Plan, which is currently in the process of being updated, is focused on product development, creative and innovative partnership marketing, and workforce training.) The Authority will continue to identify growth potential and inspire investment from both the public and private sectors in tourism development. It will reinforce its commitment to excellence in marketing, continue advocacy on all levels for public and private tourism investment, and prioritize growth areas to ensure continued visitor spending growth.

From 1979 through 2017 the total economic impact of Virginia's film and television industry was over \$4.5 billion. Financial incentives offered to productions in the form of tax credits or grants are essential to attract this work. Compared to most other states Virginia's incentive program is relatively small. Tax credits total \$6.5 million per year and an additional \$3.0 million annual appropriation is provided for the Governor's Motion Picture Opportunity Fund. While these resources, along with aggressive marketing by the Virginia Film Office, have been cost-effective, Virginia still faces tough competition from other states that provide much more incentive funding. For example, Georgia, Kentucky, and Massachusetts offer uncapped tax credits, while New York (\$420 million/year), Louisiana (\$180 million/year), Pennsylvania (\$60 million/year), and North Carolina (\$30 million/year) offer generous production incentives. The Virginia Film Office's plan for strengthening Virginia's film and television industry includes targeting episodic television for the ongoing jobs and related Virginia tourism promotional partnership opportunities, independent films budgeted under \$10 million that call for more high-level local employment, and nurturing the in-state industry and academic programs. Global demand for content is growing exponentially. Content manufacturing is a 21st century industry that is perfectly supported by the diverse

location palette offered by Virginia.

Information Technology

The Virginia Tourism Authority relies heavily on technology to market and promote the Commonwealth as a travel destination. The Internet is the primary tool to reach and engage consumers both nationally and internationally. With the technology changing rapidly, the Authority needs to ensure that it stays on the cutting edge to meet the needs of a technology-savvy user. In 2015, the Authority won numerous awards for digital marketing campaigns that utilized mobile technologies. In order to maintain the superior quality of the website, the Authority must continually upgrade the application software, content management systems, and underlying hardware to meet the Internet and user requirements. The Authority's internal information technology systems are provided and managed by the Virginia Economic Development Partnership per a Memorandum of Understanding dated July 1, 1999 and amended June 16, 2011.

Estimate of Technology Funding Needs

Workforce Development

The Virginia Tourism Authority has been able to retain employees long-term, which has resulted in a stable and high-quality workforce. In recent years, VTA payroll costs have been rising, which reflects the need to be competitive with the private sector in order to attract the best candidates and to retain well-qualified workers. VTA has been recognized as one of the best tourism offices in the United States and has won awards for its efforts. However, having a large number of long-tenured employees will impact the future of the Authority and succession planning is and will continue to be critical.

The Authority encourages continuing professional development, and in recent years has contracted with Virginia Commonwealth University's Performance Management Group to provide a customized leadership training program for all employees with management responsibilities and to conduct a focus group for younger, nonmanagerial employees regarding the agency's workplace climate.

The Authority relies heavily on part-time staff to operate the state Welcome Centers. The funds for this come largely from the Virginia Department of Transportation and the sale of brochure display space and advertising panels. The funding, however, has not kept pace with the cost of operations, which puts additional financial pressure on the Authority.

Physical Plant

The Virginia Tourism Authority's main office is located at 901 East Cary Street, Richmond, VA 23219. The facility is leased and managed by the Virginia Economic Development Partnership per a Memorandum of Understanding dated July 1, 1999 and amended June 16, 2011. In addition, the Authority operates 13 state Welcome Centers located strategically around the state to provide information to people traveling in Virginia. Two welcome centers were acquired by the Authority – the Danville Welcome Center and the Potomac Gateway Visitor Center in King George County. The Danville Welcome Center continues to be operated by the City of Danville per a Memorandum of Agreement. The Potomac Gateway Visitor Center was closed in November 2008 due to budget reductions. In April 2012, the Authority entered into a Concession Agreement with the Dahlgren Heritage Foundation for the operation of the Potomac Gateway property. The agreement allows the Foundation to operate the property as the Dahlgren Heritage Museum. The Dahlgren Heritage Museum serves to tell the story of military history at Dahlgren as well as to promote tourism within the Commonwealth.

Tourist Promotion Services [53607]

Description of this Program / Service Area

VTA's marketing activities include a number of domestic and international programs aimed at promoting Virginia as a premier travel destination, including brand management, creative services, national and international media relations, domestic sales, international trade and sales, promotions, digital marketing, merchandising, and research.

The visitor services program develops overall strategies for sound customer and visitor relations and information distribution systems. It manages activities aimed at providing superior customer service, evaluating and improving customer fulfillment functions, and increasing community outreach. VTA works cooperatively with the Virginia Department of Transportation in the operations of the state's Welcome Centers to promote and encourage traveler visitation to Virginia.

The partnership marketing program works closely with communities throughout Virginia through tourism development and grant programs. It provides communities and tourism entrepreneurs with tourism planning expertise and support. It also assists with strategic planning, product planning, and identifying funding resources to achieve the planning goals and grow the Commonwealth's tourism product. In addition, the program is a resource for the industry to seek and secure grants to supplement marketing and product development programs. The Authority works closely with Virginia's localities and attractions to identify grant opportunities and options for stretching limited resources to market the Commonwealth's tourism product.

The Virginia Film Office is committed to attracting film and video production to Virginia and supporting the indigenous production industry, with the ultimate goal of bringing economic and employment benefits to the Commonwealth. Film, video, and multi-media production is a growth industry worldwide, and the potential economic benefits to the state have increased significantly. The Virginia Film Office pursues its goals through the creation and implementation of innovative marketing and development programs, and by delivering exceptional customer service to inspire repeat business.

Products and Services

Description of Major Products and Services

The Virginia Tourism Authority provides the following services:

Brand Management: The advertising program develops and promotes the Virginia brand through social media, broadcast, and digital media. The media plan targets frequent travelers within markets that provide the highest potential number of visitors to Virginia. The media plan includes buy-downs and cooperative support for Virginia's tourism industry.

Digital Marketing: The digital marketing program manages VTA's three primary websites: virginia.org, blog.virginia.org, and vatc.org. Virginia.org and blog.virginia.org are trip planning and travel inspiration websites for consumers, while vatc.org is a business-to-business website for Virginia's tourism industry. Digital marketing manages VTA's Internet communications technologies and develops web-based business initiatives and partnerships. Digital marketing also regularly educates the industry on the use of online technologies, marketing strategies, and the benefits of full participation in VTA's consumer website. In addition, digital marketing manages VTC's robust social media program.

Grants: The grants program provides supplemental financial assistance to Virginia destination marketing organizations and tourism businesses. The competitive grants application process is designed to leverage scarce resources, promote the Virginia is for Lovers brand, encourage the creation of partnerships, and enhance the development and marketing of Virginia's tourism product. In addition, VTA works to identify and publicize other grant opportunities available to the state's tourism industry from federal, state, and private sources.

Film: The Virginia Film Office is committed to attracting film and video production to Virginia and supporting the indigenous production industry, with the ultimate goal of bringing economic and employment benefits to the Commonwealth. Film, video, and multi-media production is a growth industry worldwide, and the potential economic benefits to the state have increased significantly. The Virginia Film Office pursues its goals through the creation and implementation of innovative marketing and development programs, and by delivering exceptional customer service to inspire repeat business.

Communications: The communications program is responsible for generating editorial coverage in targeted national, regional, and in-state publications for promotion of Virginia as a premier travel destination. Communications also provides VTA with visibility in niche publications to promote special and unique attractions in Virginia. The program also is responsible for developing talking points for press conferences and

interviews with the Governor and First Lady. In addition, it disseminates tourism-related news to the Virginia tourism industry and works with the industry on generating media coverage.

Global Marketing: The global marketing program develops and implements integrated direct sales, marketing, promotions, and public relations strategies that are innovative in order to bring more foreign visitors and vendors to Virginia. The geographic targets are coordinated with air service to gateway airports and are supported by research.

Domestic Sales: VTA markets the Commonwealth as a premier travel destination to tour operators, select travel agents, meeting planners, and sports events rights holders. VTA represents the Commonwealth and provides the Virginia tourism industry with partnership opportunities to collaborate at professional trade shows, sales missions, site inspection tours, and marketing initiatives strategically targeting national, regional, and in-state domestic trade markets.

Research: The research program utilizes a wide range of tourism industry data, metrics, and insights in order to quantify Virginia's tourism industry and measure organizational goals that are aligned with VTA's overall strategy. The aims of VTA's research program are to measure tourism industry performance, conduct consumer studies, and perform competitive industry analysis. The research program works with internal and external partners in primary survey data and segmentation analysis, developing domestic and international visitor profiles, calculating domestic and international market shares, and determining the economic and fiscal impact of tourism on the state and localities. The program also provides detailed and timely information for VTA to measure the benefit-cost ratio of its integrated marketing, digital media, and incentive programs.

Creative Services: The creative services program provides in-house graphic development and production services for VTA. VTA's library of photography, film, videography, and digital graphics files is managed by creative services.

Fulfillment: The fulfillment program provides information to, and responds to inquiries from, consumers seeking information on travel and tourism in Virginia. Telephone and Internet inquiries are answered by a consumer services center and VTA publication requests are processed by a fulfillment house that provides storage, processing, delivery, and freight services. In addition, VTA operates a full-service distribution center to process customized and bulk orders and to manage the mailing needs of VTA and the Virginia Economic Development Partnership.

Welcome Centers: Virginia's welcome centers are designed to be first-stop destinations for the traveling public, strategically and conveniently located throughout Virginia on major arterial highways. VTA provides a broad array of services to the visitor, including personal travel counseling, informational materials, transportation maps, and lodging reservation assistance. In addition, the welcome center program serves Virginia's tourism industry by promoting a variety of destinations and attractions through advertising opportunities, product demonstrations and exhibits, and the distribution of travel publications.

Tourism Planning: VTA provides communities and tourism entrepreneurs with tourism planning expertise and support. It assists with strategic planning, product planning, and identifying funding resources (including grant opportunities and other options for stretching limited resources) to develop and market the Commonwealth's tourism product.

State Tourism Plan: VTA has developed a comprehensive state tourism plan, which provides a thorough assessment of the tourism needs in each of Virginia's tourism regions. This plan provides a competitive analysis of the state, including recommendations on increasing visitation through focused product development, promotions, improvements to infrastructure, and policies at the state and local level to support tourism economic development. VTA will be updating the plan this biennium.

Tourism Development Financing: VTA helps to administer and promote a financing program for qualified tourism-related development projects (the Tourism Development Financing Program). This program provides gap financing to compensate for a shortfall in project funding in partnership with developers, localities, and financial institutions.

Anticipated Changes

VTA anticipates it will need to upgrade its website and travel blog to provide device-agnostic experiences that meet the expectations of a technology-savvy customer base. The demographic profile of travelers has shifted to younger travelers and families. Therefore, technologies that automate personalized content, create and disseminate 360-degree video, and utilize augmented reality are becoming more mainstream and expected by the digital consumer.

The Partnership Marketing program is focused on helping Virginia's industry partners maximize their tourism potential by assisting in the development of strategic tourism plans and providing financial assistance for both tourism development as well as to market and promote an area's tourism assets. As new tourism programs and projects are developed, the need for such services will continue to increase.

Factors Impacting

A number of factors are impacting the delivery of travel-related content to increase awareness of Virginia travel destinations. Consumer use of mobile devices to interact with VTA websites is now the greatest focus when delivering content. Also, website usage continues to grow with the largest increases in consumer interaction related to travel content syndication and experiential articles as well as video content. In addition, the explosive growth of social media has had an enormous impact on marketing. As a result, VTA will need to be prepared to create authentic content, engaging videos, and interactive social media experiences to attract visitors to Virginia.

In terms of expanding tourism products, more local and regional tourism partners are looking to extend the reach of their very limited financial resources to promote their regions and to develop new products. They look to VTA to assist in this area through matching grants for marketing, technical program assistance and planning, and development financing.

Financial Overview

In FY 2020 the Virginia Tourism Authority will operate with a general fund budget of \$21.2 million. These funds support the marketing, visitor services, Virginia Film Office, partnership marketing, and minimal administrative support functions. The Authority aggressively leverages funding and forms partnerships with industry and government entities to extend the reach of its limited budget.

The Virginia Tourism Authority is not on the books of the State Comptroller, so the only funds reflected are general fund appropriations. However, the Authority does receive about \$1.3 million annually from the Virginia Department of Transportation (about \$1.2 million for operation of the state's 13 Welcome Centers and \$100,000 as a pass-through for the Danville Welcome Center, which is locally operated). These funds, however, are not sufficient to fully fund the Welcome Centers' operations, which total almost \$2.5 million annually.

In addition, the Authority collects almost \$1.9 million (projected FY 2020 collections) from a variety of other sources, including brochure rack fees at Welcome Centers and rest areas, reimbursement for the WW I & WW II Profiles of Honor Tour program by the Virginia World War I and World War II Commemoration Commission, royalties from the sale of "Virginia is for Lovers" merchandise, and other miscellaneous fees and collections.
